

ROOSEVELT TO MAKE TOUR OF KENTUCKY

But Won't Appear in Richmond, As Local Democrats Want to Have Gov. Cox Later

Franklin D. Roosevelt, Democratic candidate for Vice President, will make a two-day whirlwind campaign through Kentucky on October 1 and 2. He is booked for no less than 13 speeches on those two days, one of them being the monster mass-meeting in Louisville on the night of October 1. He will not appear in Richmond, as it is hoped to have Governor Cox speak here in October.

His first stop in this state will be at Mt. Sterling, where he is due at 7:41 in the morning. After the rally there he goes to Winchester where the meeting is scheduled for 12:45 in the afternoon. From there he goes to Lexington at 1:30 o'clock and after addressing the democrats in the capital of the Blue Grass, he leaves in time to reach Louisville at 8:25 that night.

From the Louisville meeting he will be taken back to his private car and during the night hauled down to Guthrie, where he arrives at 7:55 o'clock in the morning of October 2. After an address there he rushed across the country by motor to Hopkinsville, leaving there at 10:05 for Nortonville. At the latter place he will make a rear platform speech moving on to Madisonville at 11:28 o'clock.

At Madisonville he will make another rear platform speech and then moves on to Henderson.

A 45-minute stop there will be followed by a jump to Owensboro which draws a speaking of like length. From Owensboro Roosevelt goes to Central City where he arrives at 5:39 o'clock. From Central City he moves to Russellville where he is booked to speak at 7:35 that night.

This might be considered a full day's work by some but the speakers' bureau has decreed that there is no rest for him except when everybody else sleeps. He leaves Russellville at 9:11 o'clock that night for Bowling Green. He arrives in Bowling Green at 10:18 o'clock for a 40 minute speech. This winds up his Kentucky campaigning.

The first half of Mrs. Cora Wilson Stewart's speaking dates for Kentucky has been completed and start her out on a campaign for Gov. James M. Cox, Franklin D. Roosevelt and Senator J. C. W. Beckham that will end late in October on the Pacific Coast.

Mrs. Stewart has been so much in demand both in Kentucky and in the nation that the State is to be congratulated on having landed the major portion of her assignments.

On September 24, she opens at Mt. Sterling. The next afternoon, she speaks at Franklin, and that night at Russellville. On Monday afternoon, the 27th, Mrs. Stewart speaks at Mayfield, and that night she goes to Fulton for an address. After that she jumps over to Indianapolis to fill a date for the National Committee, and will return to Kentucky October 4. From then until the close of the campaign she will speak in the West, being booked for twenty speeches.

Another big card for Kentucky will be Secretary of Labor Wilson who appears in Covington on Friday. Secretary Wilson has an interesting career. Starting as a coal miner, he worked himself up by sheer force of ability. He was so highly regarded by laboring men of all connections that President Wilson placed him in his cabinet.

Mrs. Izzetta Jewell Brown is in Lexington on Wednesday, Frankfort on Thursday; Owensboro Friday afternoon, Henderson Friday night and Hopkinsville Saturday night.

WILL MAKE NO CHANGE IN THE FORD MOTOR CARS

Official information from headquarters of the Ford Motor Company is to the effect that the rumor regarding a new model car, which has been going the rounds of the press, is false, and the statement is refuted by information emanating from local dealers also, who state they have been notified officially that there will be no new model launched and there is none under consideration at the present time. While there may be minor changes from time to time, the 1920-1921 production figures are based on the present car. The local representatives of the Ford Motor Company give out information to the effect that there are no changes contemplated.

HAGGARD TRIAL BEGINS IN CLARK

Winchester, Ky., Sept. 23—With six jurors accepted, the case of Rodney Haggard, charged with the murder of Ben W. Good, was resumed today. The sheriff was ordered to summon a venire of 100 men.

Winchester, Ky., Sept. 23—The capacity of the circuit court room was taxed Wednesday morning when the case against Rodney Haggard, charged with the murder of Ben Good, was called for trial.

Good was murdered on Main street Friday night, August 27, having been shot three times by Haggard after he had been knocked to the ground. No words were passed.

Since the indictment was returned a week ago, Haggard has been confined in the Fayette county jail. During the interim he was under a special bailiff. The defendant has refrained from issuing a statement. He appeared in the court room somewhat pale, but apparently undisturbed by the charge against him.

Both side announced ready and the selection of a jury was begun. Mrs. Nancy Haggard, wife of the defendant, was not in the court room. She had withdrawn her suit for divorce, which was dismissed yesterday without prejudice by Judge Shackelford.

Because of his relation to the Haggard family, Commonwealth's Attorney Ben A. Crutcher is not taking any part in the prosecution. John R. Allen and Maury Kemper, of Lexington, County Attorney H. H. Moore, and R. C. Oldham are representing the Commonwealth. Attorneys for the defense are Benton and Davis, J. M. Stevenson, J. Smith Hays, Sr., and G. P. Wycoff.

PRICES SLASHED BY BIGGEST FIRMS

Chicago, Sept. 23—Two of the largest mail order houses in the world, Sears, Roebuck & Co. and Montgomery Ward, today announced price cuts from 10 to 20 per cent in many lines of merchandise.

Food stuffs as a whole are not affected, although sugar is quoted at \$17.95 per 100 pounds. One company predicted it would drop to as low as \$10.00 per 100 after the canning season. Cotton staples led the list with 20 per cent reductions. Clothes, ready-to-wear, shoes, corsets and other items were affected.

SUSPECT IS HELD

Louisville, Ky., Sept. 23—After they found newspaper clippings and a picture relating the Wall street, New York, explosion last Thursday, on his person, a man giving his name as A. O. Perkins, 51, the police today decided to take his Bertillon measurement and photograph and send him to New York.

Perkins was arrested as a vagrant last night. Perkins is reported as saying that he left New York state on September 8.

Gun Victim Refuses To Divulge Assailant

Louisville, Ky., Sept. 23—Chief of Detectives Defferes today declared that Frank Straley "knows who shot him, but would not amplify the statement." Straley is conscious today, but rambled in his talk. He was shot on the porch of his home here Wednesday morning. It is believed he cannot recover.

BIG FREIGHT WRECKED; SEVERAL MEN ARE MISSING

Newport, Ky., Sept. 23—Four men are believed to be buried beneath 26 cars of coal piled up in the wreck of a C. & O. westbound coal train at New Richmond, Ky., 20 miles from Cincinnati.

Charles W. Moore, 25, "no home," is at Speers Hospital, Dayton, Ky., with a dislocated shoulder and leg fractured. He said two men were on the car ahead of him and that two other men got on the train at Foster. No trace of these men has been found according to a message from New Richmond.

The train was carrying 93 cars of coal, when the arch broke on one car. The track was torn up for 400 or 500 feet. Both lines are blocked.

THE old tub and wash board are relics of by-gone days. The electric washer that Douglas and Simmons are demonstrating this week tells the reason why. 230 3

TOBACCO PRICES NOW THE QUESTION

Low Bids Disturbing Producers, Who Admit Much of Crop Has Been Ruined

Tobacco growers in Madison county are learning of the reports of tobacco sales throughout the country at low prices and are considerably disturbed. Their condition is augmented by the critical condition of their product here in various localities. The extensive crop this year, or intended big crop, has necessitated the outlay of much money and the building of additional barns and sheds for its housing. They have been watching the markets closely and are considerably exercised over the sales in some localities, especially the Carolinas.

There is much interest centered upon the big meeting at Lexington on September 30, when there will be a meeting of the delegates to the first business session of the kind by the Burley Growers' Association. Headquarters have been opened there and a number of representatives have been covering the field, feeling out the producers. There has also been a campaign on for membership, which, it is said, has been productive of great results, owing to the unsettled condition of affairs pertaining to tobacco here and elsewhere. The meeting will be productive of reports from the wide area represented by the association, which covers portions of Kentucky, Indiana, Ohio and West Virginia. They will hear the consensus of opinion regarding the disposition of the production this year. There will be other matters pertaining to the perfecting of the big organization, which has been organized in the interest of the grower. The result of prices being offered in the various localities in both this and other states has been that some have decided to curtail the crop next year. Bourbon county in Kentucky is one of them. It may be decided by the growers, who are working hand in hand, to cut out at least 50 per cent of the production.

There is much of the present crop going to waste, it is claimed, for various reasons. Much was cut green, owing to the effect of the rust, and a great quantity has rotted since being placed in the barns. Many have been crowded for room and it is said by some that they crowded the storage houses to such an extent that much of the tobacco had decayed. Other has burned, while others report that the weed was cut too green, and not properly cared for after it had been placed in the sheds.

UNCLE SAM TAKES ESTES IN CHARGE

Recognizing the fact that he was past the serious stage and on road to recovery, George Estes, prisoner in charge of Henry Reed, deputy sheriff of Estill county, when the latter was shot and killed at Irvine on August 20, so Estes says, by Detective Joe Spivy, Uncle Sam removed Estes from the Pattie A. Clay Infirmary, where he has been since the tragedy, and placed him in jail. He will be charged with unlawfully transporting liquor. Estes and Spivy are the only survivors of the affair, and the result of the grand jury examination now on in Estill county is awaited with much interest upon the part of friends of both men.

NEW Checkbooks Here; Teachers Being Paid

Madison county school teachers are receiving their checks for the past month's work under the new check system recently issued by the State Educational Board. The new check book arrived on time after all and Superintendent Edwards of the county schools, saw to it that no time was lost in having the check filled out, with the result that there is but little delay in the payment of the teachers.

With the exception of schools in some localities, there is a good attendance recorded. This falling off at this time of the year is due, it is said, to the special working permit which is being taken advantage of by many, this being the busy time in the tobacco field. This, however, will soon be at an end when there will be an increase in school attendance generally, it is said.

MAN WITH PISTOL PUTS STOP TO GAME OF CRAPS

Aversion to crap shooting upon the part of Thomas Roberts is said to have been the cause of his alleged dispersing a number of colored men who were engaged in the sport near the southern city limits on Wednesday, and in order to make his order more effective, he is said to have drawn a revolver and fired several shots. There is reason to believe, upon the part of the police, that Robert aimed at one William Blythe, colored. The latter was apprehended and jailed on a charge of shooting craps. He will be among several others to have a hearing in city court Friday night. Roberts was allowed to go on his own recognizance.

NEW FRENCH PRESIDENT

Versailles, Sept. 23—Alexandre Millerand was today elected President of France by the National Assembly in session here. He succeeds Paul Deschanel, who resigned on account of ill health.

WEATHER FOR KENTUCKY

Unsettled weather tonight and Friday; probably local showers.

TODAY'S LIVE STOCK MARKETS

(By Associated Press)
Cincinnati, Sept. 23—Hogs steady; Chicago lambs steady; Jersey steady; good cattle steady.
Louisville, Sept. 23—Cattle 400; slow and unchanged; hogs 1,100; 25c lower; tops \$17.25; sheep, 350; steady and unchanged.

SPIVY SUMMONED; GAVE NO EVIDENCE

Detective Joe Spivy, who has been in jail here since Friday, August 20, when he was charged with participating in the gun battle in which two men were killed at Irvine, was taken back to Irvine Wednesday, it is presumed, at the instigation of the Estill county grand jury, which is in session there, however, he was not called upon to testify and was returned to the Madison county jail Wednesday night. He would make no statement regarding the trip nor his day's absence from the city. It is the presumption that the authorities decided he would have to incriminate himself in giving testimony regarding the affair, hence his failure to be called upon to give evidence in the case.

SMITH RETURNED ON MURDER CHARGE

Bill Smith, of Blanchester, who has been in jail here for safe keeping for some time since he was arrested in the vicinity of Blanchester for killing a constable who attempted to arrest him, was returned to Corbin where he will in all probability be summoned before the grand jury. It is claimed Smith shot the officer when the latter approached him and asked him about the alleged unlawful sale of liquor. Smith is said to have answered the officer's query by pulling a revolver and shooting him dead in his tracks. Smith would say nothing of the trouble here, and has held to himself much of the time since being brought here. It is claimed at Blanchester that Smith and a woman were jointly charged with unlawfully disposing of whisky. The woman is said to be still at large.

UNCLE SAM TAKES ESTES IN CHARGE

Recognizing the fact that he was past the serious stage and on road to recovery, George Estes, prisoner in charge of Henry Reed, deputy sheriff of Estill county, when the latter was shot and killed at Irvine on August 20, so Estes says, by Detective Joe Spivy, Uncle Sam removed Estes from the Pattie A. Clay Infirmary, where he has been since the tragedy, and placed him in jail. He will be charged with unlawfully transporting liquor. Estes and Spivy are the only survivors of the affair, and the result of the grand jury examination now on in Estill county is awaited with much interest upon the part of friends of both men.

It is claimed indictments will be returned against both, however, the charge of the government against Estes will be first heard. His will be among the cases to be heard at the regular session of the Federal Court here. Estes adheres to the statement made at the time he was seriously wounded, that Spivy is the man who did the shooting. He has not deviated from this accusation since his incarceration, and his testimony, it is said, will go far towards the conviction of the accused detective.

ONE MAN KILLED OVER TOBACCO DIFFICULTIES

Bardstown, Ky., Sept. 23—Benjamin Summitt was shot and killed by George Coones on a farm near Fairfield, about ten miles from here, late yesterday, according to word received by Deputy Sheriff Huckle today. The details of the killing were not available, but it was said the men, both of whom were tobacco farmers, had a difficulty over the possession of a tobacco crop. Coones was arrested and after a preliminary hearing, was admitted to bail in the sum of \$600.

STUDENT POSSE BRINGS PRISONER

Claim They Got Him In Dormitory Room At Berea College—Captured After Race

A marshal and a posse of students numbing at least a dozen from Berea College, arrived late Wednesday afternoon with a man in custody against whom they cause two charges to be filed of housebreaking, and the prisoner, who gave his name as Frank Riddie, was placed in the Madison county jail.

The members of the party accompanying the prisoner to Richmond, stated they captured him while ransacking one of the rooms in the dormitory there. They asserted individually and collectively, and generally all at once, that they had been missing things from the rooms for some time and had been on watch for the thief for some time and they finally got him, so they told time and again. They stated the man was found in a room occupied by girls, and that he claimed to be a representative of an electric light company and had been sent there to inspect the light system. After the refusal to credit this story, several said, the man broke away and it was only after an exciting chase through the city and into the country that he was captured. While the prisoner was in charge of an official, all participants apparently in the chase, accompanied the man to Richmond, evidently fearful that he would escape. He will be given an examining trial at 9 o'clock Friday morning in county court.

The students claimed the rooms in the dormitory had been ransacked time and again since the beginning of school, and no trace of the intruder could be found until they unexpectedly ran into the stranger in one of the rooms occupied by girl. A number of things have been reported missing they stated, and were unanimous in charging the prisoner with the thefts. The latter, however, had little to say regarding the alleged operations attributed to him. It is said the accused young man is a resident of this city.

SAYS MAT COHEN CAN EXPLAIN EVERYTHING

Charles H. Morris, former Attorney General, lawyer for Mat S. Cohen former Commissioner of Agriculture, answering the criticism of H. E. James State Inspector and Examiner, said that expenses of Mr. Cohen were justified by his obtaining thousands of dollars worth of premiums for the State Fair. Cohen is very ill at the Seelbach Hotel and James' report has not yet been shown him.

Mr. Morris says: The worst that can be said about the charges is that Mr. Cohen may have failed to comply with the law requiring itemized expense accounts to be filed. Some items may have been charged to the Department of Agriculture which should have been paid by the State Fair. On his trips Mr. Cohen collected contributions to premium funds from large dealers and packers. He had to entertain some on his missions. The Auditor does not allow charges for trips, entertaining and numerous expenses entailed in traveling for the state. Yet, in return for a little hospitality perhaps the fair received thousands of dollars in premiums.

The management was liberal in sending passes to the fair to distant contributors. Not one-tenth of the passes sent out by the stateunlil d.l.c passes sent out of the state as a matter of courtesy were ever presented at the fair. It is a difficult matter to squeeze the peculiar expenses incidental to operation of an enterprise like the State Fair into the compass allowed for the conventional expenses of a state official. I have no doubt that Mr. Cohen, when he is physically able will have no trouble in explaining any charges brought against him.

BIG POLICE GRIST

Friday night promises to be a big night in police court, since cases are piling up in twos and threes, according to warrants being issued at central station. There will be variations of color and charges, and City Judge Smith anticipates a busy time. There have been no speeders, however, thus far apprehended.

The Kentucky Futurity (\$14,000) at Lexington, Oct. 5, the greatest colt race of the year.

Miss Alice Bronston Oldham will speak at the court house tonight at 8.

HARDING'S VIEW ON IRISH QUESTION

Marion, Ohio, Sept. 23—Declaring that the Irish problem is not a question for official America, Senator Harding today in a statement said in his opinion the movement for Irish independence would be under the League of Nations subject entirely.

"Internal or domestic," he said, "America has already meddled abroad excessively without invitation," and asserted that official consideration of the Irish question was quite another thing from an expression of sympathy to set at rest reports that he might soon resign his place in the senate.

Senator Harding today reiterated that he had no intention of retiring, at least so long as Ohio had a Democratic governor who could name his successor.

JAPANESE TO SUE IF VOTED OUT OF WEST

(By Associated Press)
Tokio, Japan, Sept. 23—According to leading newspapers today, Washington government is to be asked to appoint a commission to solve the Japanese-American problems in the event California passes the anti-Japanese legislation. The Japanese will sue the California legislature on the ground of unconstitutionality and in violation of Japanese treaty rights. The newspapers say the program was defined at a meeting of the cabinet and diplomatic advisory council.

DYNAMITE IN NEW YORK

New York, Sept. 23—While investigators are still seeking to solve the mystery of the Wall Street explosion a week ago, the police announced a package of dynamite was found today on the platform of a Reed avenue elevated station in Brooklyn.

The package was in the form of a card board cylinder with dynamite in considerable quantity. A patrolman found it with the fuse burning and stamped it out.

DEMOCRATIC CAMPAIGN FUND BEING ARRANGED

New York, Sept. 23—George White chairman of the Democratic National Committee, announced here today the committee would raise \$500,000 to "match the President" campaign fund. He said thousands of friends of the League of Nations would be asked to follow Wilson's example and subscribe \$500 each, to assure the Cox and Roosevelt campaign and the League itself.

WOMAN BADLY INJURED

Mrs. Eva Chenault, colored, was taken to the Pattie A. Clay Infirmary Wednesday night suffering from what is believed to be a severe scalp wound. Beyond the report that the woman had an altercation with another woman, nothing is known of the affair. Her condition may, according to physicians, terminate seriously.

BIG BATTLE RAGING

London, Sept. 23—Polish forces have commenced an offensive in the region of Grodno, on the northeast Polish front, according to an official statement issued in Moscow and received here by wireless. The statement declares the Poles have advanced along a front of 33 miles in length and large numbers of troops being engaged. Fire fighting is proceeding, it is said.

Success of a Medicine

All things succeed which fill a real need; that a doctor is kept busy all day and night proves his ability and skill; that Lydia E. Pinkham's Vegetable Compound is sold in enormous quantities in almost every city, town and hamlet in America and in foreign countries as well proves its merit, and women are found everywhere who tell of health restored by its use.

The Cumberland, the year's greatest battle for pacers, will be decided at Lexington, Oct. 8. Margaret Dillon, Juno and Princess Mary, the big winners of the year, are among the eligibles. 1

MADISON HAS 1 OF 5 SYCAMORE GROVES

American Audubon Society Taking Pictures and Record of Remarkable Trees Here

The remarkable fact that there are but five sycamore groves in America is none the less more or less remarkable than the fact that one of these is in Madison county, located in the immediate vicinity of Boonesboro Beach.

The American Society, which has been paying special attention to the American Audubon Society, has been paying special attention to the trees as well as the birds of the United States during the past five years, and the extraordinary scarcity of the sycamore tree has attracted widespread attention.

Dr. Swope, of Cincinnati, an official representative and investigator and recorder, is at Boonesboro in the interest of the society and will remain for a period of ten days for the purpose of studying the trees and there will be an interesting account of them made for the National Society as well as the American organization which has the matter at interest.

Pictures of the grove as well as the individual trees will be taken a record of their growth, condition, etc., will be made. This will be forwarded to Washington for the benefit of officials now at work on the record, as well as for future reference.

The genuine sycamore has an extensive and interesting history. It is said to be of the black mulberry or fig tree and perhaps of Semitic origin. The sycamore or sycamine, as it is known in some countries and in scripture, is said to be found in Egypt and Syria, and is one of the oldest of American known woods, it is said, and was at one time very extensive and valuable. However, in later centuries it has been decreasing its appearance, while it is a well known wood has been so abrupt that there are but five small groves to be found in America is astounding to many.

INVESTIGATE BOOK OF "REPUBLICANISM IN 1920"

Washington, Sept. 23—The Senate investigating committee today ordered a complete investigation of the financing of the book "Republicanism in 1920," published by the Albany, N. Y., Journal. William Barnes, Jr. is at the head of the company. He has been directed to produce the subscription list. Barnes denied he had talked with Republican National Chairman Hays about it. Senator Reed, producing the committee's records, read what purported to be a subscription of \$1,000 from John Rockefeller, and \$2,500 from J. Leon Ford.

REWARD

Having information that the two recent fires on the campus were of incendiary origin, viz., the destruction of the gymnasium and garage near the president's residence, we, therefore, offer a reward of Two Hundred Dollars for information leading to arrest and conviction of guilty person or persons.

This September 23, 1920. EASTERN KENTUCKY STATE NORMAL SCHOOL. By J. A. Sullivan, Local Agent.

Big Sale in Lancaster

A BUNCH OF STARS "ALL IN ONE ROW"

Richmond's Theatrical Manager Pulls Winning Ticket, In Opinion of Expert Critics

An excursion trip from Kentucky to Egypt, or vice versa, with all the thrills and frills, the former including those of the wilds of the foreign lands, and the latter those of the beautiful costumes of Miss Geraldine Farrar, has been offered through scrupulous management of Miss Anna Bell Ward, of the Alhambra theater, as well as the opera house. The fact that the noted conglomeration of actresses and actors, together with the wide range of scenery, were concentrated in one batch of films to be shown here within a very short period, was not recognized even by the expert management of the releasing stations in the east who make a specialty of this work. However, the pictures have been released to the local playhouses and the "high management" in the distributing centers is tipping hats to the work, but looking somewhat abashed when their attention is called to the fact that the theaters are under the personal supervision and general management of what they now realize is a real capable young woman.

There is gossip in more than one distributing center where the noted pictures are prepared and released in the clever arrangement of "all good ones in a row," but this is seldom accomplished. However, the credit falls to the management of the local houses, and that's all there is to it, except that she is credited with being an adept at choosing pictures and that they will be shown here first and in the best form.

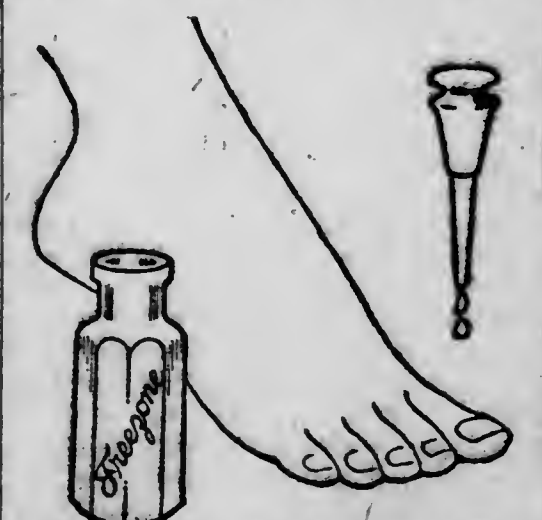

One is a Paramount under the title of "Fires of Faith," one of the pictures which was to have been a boom later on. It will be seen here Thursday. It is the picture that aroused New York, and kept that metropolis aroused for several weeks and they did not tire of it then.

Then comes the noted film, "Flame of the Desert," in which Miss Farrar stars, as do others. This will be the bill at the opera house Friday and at the Alhambra on Saturday, also. Here are the real desert scenes that have attracted so much attention throughout the world.

"The Moonshine Trail," with Miss Sylvia Breamer, at the Alhambra Saturday afternoon and at the opera house on Saturday night. There are stars galore to be seen in one and all of the above pictures, and this is stated for the fact that it is no press notice, Miss Ward being unaware of this comment, which is recited and repeated by criterion of extraordinary pictures as very just.

"FREEZONE"

Lift Off Corns! No Pain!

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly lift it right off with your fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. It

This is the time of year to feed ZARING'S MILL FEED

to your cows and sheep. It helps to grow the young and get them ready for grass.

ZARING'S MILL

U. S. MAINLAND LINES DETERMINED

Data Pertaining to Grass Area, Land and Water Provided by Work of Surveyors

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know of his discovery through the newspapers. All druggists have been appointed agents for all of this vicinity with the understanding that he will free return the purchase money on the first two bottles to all who state they received no benefit.

Tells Wild Duck Fanciers How To Raise Young Birds

Uncle Sam is the best friend that wild ducks have, and it follows that he has a warm spot in his heart for the wild-fowler, too. In the interest of both, he has prepared a leaflet on the propagation of wild ducks which may be had from the Bureau of Biological Survey, U. S. Department of Agriculture, by any one who asks for it.

Mallards are the easiest to handle, with wood duck coming next. Black ducks need more space than either of these because they are more sensitive—a bit "wildier." Widgeon and teal need winter shelter, if grown in the North, to a greater extent than their cousins, but the provisions for shelter need not be elaborate. For most ducks and most climates a simple, three-sided shack is sufficient, though extreme cold weather should find the ducks housed in a tight building with plenty of litter on the floor.

Fresh infusion of wild blood must be introduced from time to time if the birds are to keep their wild conformation.

Wild duck eggs are usually hatched under hens, though they may be hatched in an incubator. Breeding stock of whatever species should be obtained in the fall so as to settle in its quarters before the breeding season, which comes rather early in the spring. The leaflet describes the care and feeding of the young birds at every stage in their development from the yellow fuzz of the duckling to the gleaming iridescent feathers of the mature bird. It is a leaflet that should interest sportsmen as well as the game farmer.

Said Uncle Silas--

"When I was young and full of pep I made plenty of money and never had a care. I was happy as a jay bird in a tree full of doodlebugs. Things changed as I grew older. No doubt there was a change. There always is. If you spend all as you go along you are sure to find the going much rougher at the very time when you are least able to stand it. 'Come easy, go easy,' is all right so long as things continue to come. After that, needy and dependent old age stares you in the face. Save a little as you go along and keep it in our bank. That is the sure remedy."

Haseldon Bros.' Stock

Hardware and Implements

at AUCTION

Monday, September 27th

at 10:30 a. m.

Due to other business interests, we find it necessary to sell our hardware and implement business, including our entire stock, with the various lines we represent, and our good-will.

These lines represent practically the entire line of the INTERNATIONAL HARVESTER COMPANY, including both DEERING and McCORMICK BINDERS and MOWERS, RAKES, TWINE, etc. Also the agency of Garrard County on the entire BROWN-MANLEY line, American FIELD FENCE, OLD HICKORY and STUDEBAKER WAGONS and numerous other lines.

This entire stock has been bought for SEVERAL THOUSAND DOLLARS UNDER PRESENT PRICES.

Our books will show considerably over one hundred thousand dollars of business each year.

This is an opportunity not only to secure a good paying business with an old established trade, but secure a well selected clean stock of goods in one of the best towns in Central Kentucky, but now with the new loose leaf tobacco houses, bids to be one of the leading markets for goods of all kinds in Central Kentucky.

This stock will be sold as a whole subject to invoice, which will be around \$25,000, on terms of one-half cash, balance in six and twelve months, with approved security.

Store room and warehouse will be sold or rented to purchaser at right price. For further particulars see, write or phone

SOCIAL AND PERSONAL

DON'T KICK

There ain't no use kickin', friend.
 When things don't come your way,
 It does no good to holler round,
 And grumble night an' day.
 The thing to do is to curb your grief,
 Cut out your little whine,
 And when they ask you how you are,
 Just say, "I'm feelin' fine."

There ain't no man alive but what is
 booked to get his share,
 There ain't no man that walks but
 what
 From trouble gets his rap.
 Go mingle with the bunch, old boy,
 Where all the bright lights shine,
 And when they ask you how you are,
 Just say, "I'm feelin' fine."

Your heart may just be bustin' with
 some
 Real or fancied woe,
 But when you smile the other folk
 Ain't really apt to know.
 The old world laughs at heartaches,
 friend.
 Be they your own or mine,
 So when they ask you how you are,
 Just say, "I'm feelin' fine."

Entertained For Guest.

Mrs. Burton Smith was hostess to a delightful rook party in Irvine Friday, honoring her guests Mrs. Maxon and Miss Lottie Paris. The prize for the top score was won by Miss Paris, to consolation to Mrs. Harris Park.

ASPIRIN

Name "Bayer" on Genuine

"Bayer Tablets of Aspirin" is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accept only unbroken "Bayer package" which contains proper directions to relieve Headache, Toothache, Earache, Neuralgia, Rheumatism, Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Druggists also sell larger "Bayer packages." Aspirin is the trade mark Bayer Manufacture of Monoceticacidester of Salicylic acid.

Among the guests were Mrs. Elmer Tate, Mrs. Harry B. Wilson, Mrs. William Ballard, Mrs. W. P. Williams, Miss Besie Riddell and Miss Dovie White.

Entertained Her Bridge Club

Mrs. A. R. Denny delightfully entertained her bridge club Wednesday afternoon. The players included Mesdames Overton Harber, Murray Smith, Shelton Saufley, Hale Dean, R. R. Burnam, Jr., Julian Tyng, T. D. Chenault Jr., Harold Oldham, S. J. McGaughey, T. C. McCown, Murison Dunn, W. P. Millard, Harry Hanger, Jr., Misses Mary Lee Colyer, and Mary Herndon, of Georgetown. Mrs. Millard made the highest score among the club members, and Mrs. Murison Dunn received the guest prize.

Maupin—Brown

Miss Mary Cantrill Maupin and Mr. John L. Brown were married Monday, September 13, in Jellico, Tenn. The bride is the youngest daughter of Mr. and Mrs. Brack Maupin, and for the past two years has been a student at Cardome Academy. Mr. Brown is a man of sterling qualities, a prosperous farmer, son of Mr. and Mrs. Robert Brown. Many friends extend congratulations.

Allen—Randolph

Mr. John Young Randolph, of Texas, and Miss Lena Allen, of Youngstown, Ohio, were married in Judge Price's office this week.

Mr. Joe Bancroft spent Saturday in Irvine.

Mr. John Hisle spent Monday in Irvine.

Miss Margaret Parrish is spending a few days in Winchester.

Mr. Robert Covington was a visitor in Louisville Saturday.

Mrs. Lama Wiggins is visiting friends in South Charleston, O.

Rev. J. N. Culton has returned from a few days stay in Estill county.

Mrs. R. B. Terrill has returned from a few days stay in Louisville.

Mr. Earl Curtis and Dr. Davis, of Paris, were visitors here Wednesday.

Miss Hester Covington is visiting relatives in Lexington and attending the races.

Miss Nettie Rice, of Rice's Station, was a visitor in Richmond the first of the week.

Hon. W. B. Smith and Mr. and Mrs. R. R. Burnam, Jr. spent Thursday in Lexington.

Miss Marguerite Rice of Lexington is the guest of Miss Virginia Peyton, at Newby.

Miss Margaret Buckley is in Lexington, the guest of her sister, Mrs. Clarence Hicks.

Mr. M. M. Hamilton was in Mt. Sterling and Winchester this week on a business trip.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health... can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

MAY BE 50 STARTERS
There may be 50 starters in the great endurance test for horses for which preparations are being made. There are five steeds from this state and many from foreign countries. The race this year will follow the same general lines as that of last year. Last year Arabian horses carried off

most of the honors. However, this year they will have more and tougher competition to buck up against, it is said.
Theodore Cowherd, who held an office in the city hall at Louisville for 25 years, is dead. He lost an arm in the Civil war.

CALL FOR ROOMS IS FINALLY HEARD

There have been a number of responses of the city to the call for rooms for the accommodation of disabled veterans who desire to take advantage of the vocational education offered by the government, but it is not yet known whether there will be adequate quarters, or whether there will be quarters arranged for the required number, the minimum being 40. The government will send men to the number of 100 or more if accommodations can be secured for them. This matter has been brought before the public repeatedly; however, this is the first time there has been any response to an encouraging degree. It is probable that at least 40 of the unfortunate young men may be accommodated here, in which case they will be enrolled in Eastern Normal and soon begin their studies there. In case the room is not provided, they will be sent elsewhere.

Army of Workmen Respond For County Road Work

There were workmen reporting on nine Madison county road jobs Monday morning and it is claimed that a week or two, with weather prevailing as at present, there will be wonderful progress made. This work is the most extensive in the history of the county at one time. There are bridges and road changes, as well as grading and filling of ruts, and all manner of tasks pertaining to the improvement of the highways generally. Contractors who have been spending much time in road improvement here, claim they have been hampered by frequent rains to such an extent that but little headway could be gained. However, things "look different now," they assert, and they are of the belief the present favorable weather will continue for some time. In this event, there will be much progress in all parts of the county, for the work is represented in almost every part. During the past week there has been a deal of material shipped in and this is being delivered to the various parts of the county where needed. This will assure steady work as far as material is concerned, for some time.

\$15,000 Suit In Mercer County

Attorneys Jay Harlan and Henry Jackson, of Mercer county, have filed suit to the amount of \$15,000 for the administrators of James William Martin against John McAttee, of Mercer county, in the Boyle circuit court. On April 6th, James William Martin, 2-year-old son of Mr. and Mrs. Richard Martin, of West Danville was run down by an automobile owned by John McAttee, and occupied at the time of the accident by four negroes from Harrodsburg, Hatton Jones, Charles Gray, Richard Baker, and John Tilford. Injuries received in the accident proved fatal to William Martin, who died at the Danville and Boyle county hospital that evening. The two negroes, Hatton Jones and Charles Gray, who were charged with unlawfully taking and operating the car without the owner's consent, were acquitted in the circuit court Wednesday.

Mat S. Cohen, who is now a prosperous cotton planter at Phoenix, Arizona, came back home to attend the state fair and took pneumonia. He is reported to be quite ill at the Seelback Hotel, which will be bad news to his many friends all over the state.

"Gets-It" For Hard or Soft Corns

Satisfaction Guaranteed With This Corn Remover.

Common sense tells anybody that the way to cure a corn is to remove it, cap and root—banish it entirely.

Don't Doctor Your Corns. Let "Gets-It" Remove Them—Painlessly! Quickly!
Not only hard corns and not only soft corns but every kind of corn surrenders to "Gets-It," the national corn remover. It takes weeks or months to grow a corn. It takes just a few seconds to stop its pain with two or three drops of "Gets-It." Quickly it loosens so you can peel it right off without the least twinge or hurt, and it is gone!
"Gets-It," the never failing, guaranteed, money-back corn remover, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago.

H. L. Perry and Son

Big Apple Crop For Madison County Sure

Madison county apple orchards are showing fine. This is the general opinion given upon inquiry. The apple crop is said to be much greater than has been anticipated for some time. During the early part of the season it was feared the crop would be decidedly short. However, the change is said to have come with the frequent rains, with the result that there will be a bountiful crop with a good quality of apple.

Menacing Tobacco Safety

There is a dearth of lumber and owners of some tobacco fields report they will not have sufficient shed room, and the tobacco is being left in the field for the time being. Others report that plants have ripened to such an extent that the bottom leaves are beginning to fall off and rot, although they are short on barn room, and are seeking shelter for the crop. It is an admitted fact that many did not realize the extensiveness of the crop this year, and failed to make adequate arrangements in regard to housing it, however, they state they will "bring it in the house," if need be. Many are fearful that frost will be present most any time, and here is a demand for lumber out of the ordinary. There are many sheds being constructed throughout the county and many yet unfinished owing to the scarcity of lumber.

Be Slender

A true way to become slender, agile, healthy is now yours. See the pictures the windows are to give you idea of size before reduction of weight. No diets or caloric, no starving yourself, or exhausting exercises. No pills or cathartics, no thyroid, no loss of time. Add to your capability and charm. Amaze all who know you. Become lighter in step, younger in appearance, attractive, gain in health, add years to your life. Ask for Kopein (pronounced Kopein) at any drug store; follow the Kopein system reduces your waistline, chest, hips or double chin, becomes graceful and attractive. Show others this ALTERNATIVE.

Sold by B. L. Middleton, Stockton & Son, Madison Drug Company, and H. L. Perry.

150,000 MEDALS NOW ISSUED DAILY

Washington, Sept. 20—Altho American Legion posts throughout the country are laying plans for brilliant ceremonies at which veterans of the world war are formally to receive their Victory Medals, on November 11, only 265,000 of the 3,700,000 ex-soldiers entitled to the decorations thus far have applied for them, it was announced today at the War Department. Naval figures are not included in the foregoing.

There has been an appreciable increase in the number of applications since the Legion volunteered to assist the government in the distribution, however. Applications now are coming in at the rate of 4,000 a day, while medals are being delivered by the manufacturers at a rate of 150,000 per week. Interest in the Legionaires generally is centered at present on the coming national convention at Cleveland, O. After adjournment on September 29th, officials here expect an immediate increase in the number of applications for medals.

All of the 9,600 posts of the Legion have been authorized to draw official applications forms. All veterans—whether members of Legion or not may apply for the medals through any post headquarters.

RUTHTON

Mrs. Isabelle Hamm, who has been ill for some time, is not much improved.

Nathaniel Whittaker sold his farm, known as the Jake Long place, to William Moore for \$150 per acre.

Mr. and Mrs. Robert Griggs, of Lancaster, spent Saturday and Sunday with the latter's mother, Mrs. Isabelle Hamm.

Mrs. Bert Prewitt, Mrs. Major Hamm and Mrs. Ledford Faulkner spent Sunday afternoon with Mrs. Leslie Agee.

Mrs. J. W. Christopher, Newcastle, was called home on account of the illness of her mother, Mrs. Isabelle Hamm.

Mrs. Prickett is spending a few days with her daughter, Mrs. James Richardson.

Mr. and Mrs. Albert Long spent Sunday with Mrs. Oscar Hendren. Carl Roberts is in Cincinnati for a few days on business.

COLLEGE HILL

Mrs. Dillard Hill, Mrs. Eliza Ginter and George Ginter spent Saturday and Sunday in Winchester.

Mr. Edward Griggs and family of Tipton, visited Mr. D. C. Griggs last week.

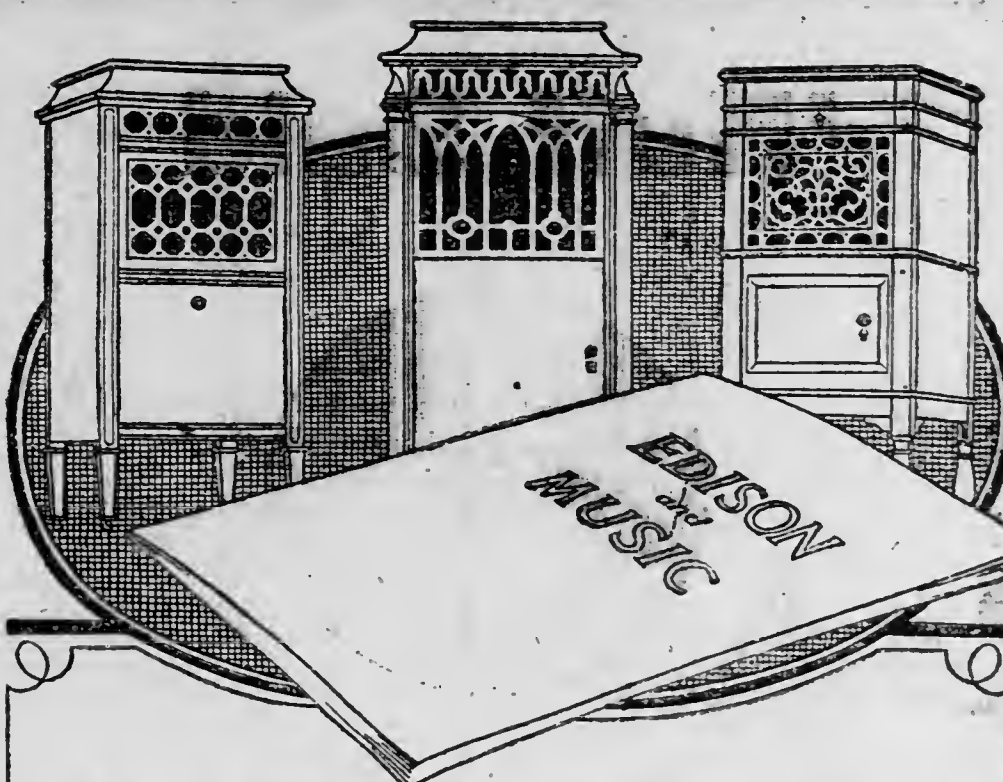

Rev. Green B. Todd left Tuesday for Augusta to attend the annual conference of the M. E. church.

Mrs. Y. Norris, of Waco, and Mrs. Harry Vaughn, of Richmond, visited Mrs. John Willoughby last week.

Miss Lura Ethel Ginter and Miss Beulah Brandenburg have entered school at Waco.

Everyone is cordially invited to attend the pie and ice cream supper to be given here—Saturday night, September 25 by Miss Jessie Conley ad her school.

High schools in New South Wales will teach the Japanese language on the same basis as French.

Ford

THE UNIVERSAL CAR

Reductions in Prices of Ford Products

The War Is Over and War Prices Must Go

Effective at once, Ford cars, trucks and tractors will be sold f. o. b. Detroit at the following prices:

Touring Car, less starter	\$440.00	Touring Car, with starter	\$510.00	Runabout, less starter	\$395.00
Runabout, with starter	465.00	Chassis, less starter	360.00	Coupelet, with starter and demountable rim	745.00
Sedan, with starter and demountable rim	795.00	Truck, pneumatic Tires, less starter	545.00	Tractor	790.00

The Ford Motor Company makes this reduction in the face of the fact that they have on hand immediate orders for 146,065 cars and tractors. The Ford Motor Company will be suffering a temporary loss while using up the material bought at high prices. They are willing to make the sacrifice in order to bring business back to a going condition as quickly as possible and maintain the momentum of the buying power of the country.

Henry Ford Says:

"The war is over and it is time war prices were over. There is no sense or wisdom in trying to maintain an artificial standard of values. For the best interests of all, it is time a real practical effort was made to bring the business of the country and the life of the country down to regular pre-war standards."

We are at your command with regular Ford efficiency in service and eagerness to fill your orders.

Richmond Motor Company

Incorporated

FIRST VETERAN FOR EXAMINATION

Bradley Ross, Leslie county, is one of the first ex-service men to come to the city for medical examination as a result of the new ruling by the government, and he was examined by Dr. J. H. Jeffries Saturday afternoon. Young Ross claims that while he has been ill most of the time since his discharge from the army, he has received neither medical attention nor compensation. He presents one of the many cases of a like character which will be developed through the re-examination of the veterans.

The rush is expected to start soon at which time the young men will come to Richmond, location of the new hospital unit. Young Ross stated that there were many from his vicinity who would come to Richmond sooner or later. They will be called in some instances, this case being a special one. Ross stating that while he was being examined by physicians some time ago he had heard nothing from the government. Those who have cases for the Red Cross will be turned over to the officer in charge here, Mr. Stone Norman, who will handle the Red Cross work as of yore.

Great Match Race Assured
New York, Sept. 22.—The three-cornered race between Man o' War, Sir Barton and Exterminator, to take place at the Kenilworth meeting at Windsor, is now assured. A wire today from W. S. Kilmer to A. M. Orpin here, announced that he was willing to start Exterminator and the owners of Man o' War and Sir Barton had previously agreed. J. K. L. Ross left Montreal last night for Havre de Grace to meet Mr. Ridell, owner of Man o' War, when the conditions to govern the event will be agreed upon. The Kenilworth management, besides hanging up a purse of \$50,000 for the race, announced today that a \$5,000 gold cup also goes to the winner, to whom goes the entire amount of the purse. The only stipulation made is that the distance of the race must be at least one and one-fourth miles.

Americans are said to be easing up on coffee drinking, the amount consumed during the past year being far from the average.

FEW SHOES CAST ASIDE, REPAIRERS VERY BUSY

"People who never before have been having their shoes repaired, are having much work done now," said a local repairer, in speaking of business. He stated that during this special time, he had been experiencing a "slack spell," but there was a peculiar new business springing up, and it is from this element of people who heretofore placed the ban on their shoes when they needed repairs.

"They don't seem to mind the price," said the repair man, "since they all have money, for I know most of them are well-to-do, but they got so strong in bringing in old shoes that I asked a number of them the reason, and they simply told me they liked the old shoes better. Several of them told me they would prefer to wear their old shoes with a little repair, than to break in a new pair. I asked a number of ladies the same question, and nearly all of them gave me the same answer. One of them told me she did not realize until the first pair of old shoes had been repaired, what she had been missing on account of not having others fixed, since shoes were just beginning to be comfortable when they needed a little repair and were thrown aside by many."

WILD DUCKS SOUTHBOUND

For several nights recently a number of people have noticed large flocks of wild ducks passing over, the flights being especially noticeable a short time before sunset. Oldtimers say this is a positive sign of the approach of autumn weather. The ducks are southbound.

FORD RAISES WAGES HIGHER THAN UNION SCALE

Middlesboro, Ky., Sept. 20.—An authenticated report says that the miners of the Banner Fork Coal company, numbering around 150 men will call on strike the latter part of next week if by that time Henry Ford, of Detroit, the owner, does not recognize union labor. A. Kelly, president of District 19, United Mine Workers, said here that Abner Lunsford, superintendent of the Banner Fork mines, promised September 3 to take the matter up with Mr. Ford, and that instead of action by Mr. Ford, wages of miners at these mines have been raised even higher than the Knoxville agreement, which is about to become effective, calls for.

GOING GOOD AT UNION CITY

Prof. Paris B. Akin, of the Union City High School, was in the city for a short time for school supplies, and reported that institution as being up and going in every department. There are a few absent owing to sickness, however, this phase is not serious and the attendance is good, as is the work being done by the students.

HEADED FOR CARNIVAL—LANDED IN JAIL

There were four colored girls Wednesday night, ready to go to the carnival, but the police beat them to it the latter having reasons to believe that the quartet was "filled with liquor," and a charge of intoxication was lodged against them after which they were jailed. They will be given a hearing on Friday night in city court. One was in such a state of helplessness, say the police, that she was barely able to control herself. Where they got the intoxicants is hard to say.

MEANEST MAN IN TOWN IS THE OPINION OF SIMS

Lloyd Sims, residing at 418 North Third street, is of the opinion that there is a man in Richmond who is too lazy to work, and that he is purloining the material with which to put his wife to work, since he has made three visits to the Sims residence and each time carried off paraphernalia with which to do washing. A week ago the fellow took a quantity of soap from the rear of the Sims home. A few nights later he called and got some scrub brushes. Last night he returned and carried away a tub. Mr. Sims wants it understood that if the woman is to do the work, he will do his part, and invite the thief back to present the bill for coal or gas, since he wants to be in on the job right—but, in returning the intruder is warned to be careful of an alert occupant of the house as well as a shot gun which is now kept at hand.

13 UNLUCKY? STUDENTS SAY NOT BY A LONG SHOT

Some conception as to the activities and extensiveness of the enrollment at Eastern Normal may be had when it is known there are thirteen counties represented in a penmanship class. The students are principally young women, and—superstitious? say not. "Why, I consider one lucky," said one of them, "to be in the most excellent class, with such an instructor as we have."

Big busses of the city are filled daily bringing students to the Eastern Normal, the influx being at its height.

MRS. NANNIE P. EMBRY DIES ON WEDNESDAY

Mrs. Nannie Parkes Embry, widow of Joel Palmer Embry, passed away Wednesday, September 22, in the 69th year of her age. She was the daughter of John White Parkes and Elizabeth Buford Parkes, and is survived by her daughter, Mrs. James Dunlop, her grand daughter, Sarah Harrison Dunlop; a sister, Mrs. W. W. Watts, and two brothers, James B. Parkes and S. S. Parkes.

Baxter Sells Out

The J. B. Baxter store, residence and all fixtures at the corner of Second and Walnut streets were sold Thursday to J. R. Park. The consideration is understood to have been around \$4,000. The deal was made by the Freeman Realty Company, of this city, which is handling so many satisfactory sales in this section.

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

LOST—Fountain pen between Butler Carriers and Model School. Return to this office.

DR. CROSSFIELD UPHOLDS THE LEAGUE OF NATIONS

"The only hope for stricken Europe," declares Dr. E. H. Crossfield, president of Transylvania University, "is the League of Nations."

Dr. Crossfield has just spent three months traveling in Europe and now is in Louisville attending the 88th annual convention of the Kentucky Christian Churches.

Conditions everywhere in Europe he says, are terrible. Revolutions in England are to be expected as the result of the conflict between labor and capital, and of the dissatisfaction over the manner in which the Irish question is being handled. In Austria food simply cannot be obtained. In Germany it is to be had in limited quantities, but at a high price, a meal there now costing eighty marks.

Switzerland and Belgium are in a trifle better condition than other European countries, according to Doctor Crossfield. In Switzerland this is due to the fact that the country was geographically so situated that it could trade with both belligerents during the war. Belgium has pushed the work of rehabilitation with such vigor that today food, coal and manufactured articles are to be obtained almost as under normal conditions.

BOOZE GOES UP IN FLAMES

Frankfort, Ky., Sept. 23.—Whisky valued at \$5,052,000 at retail prices, went up in flames when the Cedar Brook distillery, at Tyrone, was destroyed last night, with its warehouses, containing 252,000 gallons valued at \$20 a gallon retail for medicinal purposes.

GREAT GAME DRIVE IS ON

TO STOP RAVAGES OF FLY
Johannesburg, South Africa, Sept. 23.—A great game drive is in progress in Zululand, with the object of stopping the ravages of the tsetse fly, which is fatal to equines and bovines.

Whole tribes of Zulus, attracted by the prospect of unlimited meat, are taking part in the drive. They are mostly armed with assegais, the native spears.

It is thought, however, that the size of the drive is defeating its own object. The wild creature have become panic stricken and the ludicrous situation now exists of the hunters having become the hunted. The great cordon of white men and Zulus has been broken in several places by charging herds of frantic Zebras and other animals, and the hunters have

been compelled to split up in small parties for their own safety.

BIG BILL SUES PAPERS

Chicago, Sept. 20.—Two suits for \$10,000,000 each were filed Saturday by the city of Chicago on orders of Mayor William Hale Thompson against the Chicago Tribune and the Chicago Daily News. The suits allege the charges made by these papers in the primary campaign that ended on Wednesday have injured Chicago financially.

The charges allege false statements to the effect that the city is bankrupt and its credit exhausted. They declare that these statements injured bonds issued by the city, caused it to pay higher prices for supplies and materials and injured the morals of the city employees.

A NEW-FANGLED BURGLAR ALARM

Should you be in the vicinity of the Madison National Bank most any day now when an electric gong turns loose which can be heard throughout the business portion of the city, don't be alarmed, since it will be in all probability the testing out of the new burglar alarm which is to be installed there.

The bank has contracted with a safety burglar alarm company for the installation of one of the alarms, the first one to be located in this part of the country. It is said to be one of the most modern appliances yet conceived and there will be a big gong placed upon the outside of the door which, should the timeclock or any portion of the vault be touched after it closed for the day, there will be an outburst upon the part of the gong which will admit of the bank being surrounded within a very short time, as it can be heard for a great distance. Unless the noise frightened a possible intruder out of his wits, he will undoubtedly make a hurried exit. The alarm will be installed within a few days.

SILVER CREEK IS NOTED FOR PRODUCE

Tobacco Almost Entirely Escaped Rust, Corn Flourishing and Fruit Abundant

Tobacco in the vicinity of Silver Creek is said to be the best in Madison county, and little hurt by the rust or blight, and producers there are busily engaged in taking in the crop. The production is said to be better than for years, and the owners, it is said, are preparing to hold for a good price, since the quality cannot be excelled by any product in the state.

The corn crop in this section of the county is also said to be out of the ordinary, and preparations are being made for the fattening of a great amount of stock during the winter and early spring. It is claimed that the stock from this vicinity during the spring will be greater than usual, owing first to the fall grass product which is better than for many years, and the excellent corn crop. While it has been the intention of many to dispose of surplus stock early in the season, they have held off, owing to the abundant grass, and now they are retarding the sale of the stock on account of the corn prospects.

The fruit production is also said to be exceptional. A resident of Silver Creek who was in the city stated the apple crop such as to appeal to the admiration of any one. The locality has been blessed, he stated, with the best crop for years, and there has been a higher valuation than ever placed on the lands. The peach crop, which is not extensive, is reported as having been unusually good for the territory devoted to this fruit, and apples and later fruits are equally as abundant.

KENTUCKY BEING FILMED

Frankfort, Ky., Sept. 22.—Eighteen members of the Charles Maigne Company Famous Players Lasky Corporation have arrived here to film scenes in "Kentuckians," the plot being taken from the book written by the late John Fox, Jr. The scenario was written by Mr. Maigne, who was assisted by Frank Tuttle. The mountain scenes have already been filmed in Eastern Kentucky and the company will get views of the capitol building, etc., here.

BLASTS NOT SO TERRIFIC

Blasts at the county stone quarry, which were complained of some time ago, and are no so terrific and there's been a cessation of the complaints. The work has been necessarily extensive owing to the need of the stone for the streets and the city has realized a great saving, since this is an important and necessary ingredient when the paving is concerned.

ASPHALT WORKING "COMING"

"Coming" is the slogan of the asphalt pavers when asked about progress being made. They state they are going to continue this until the work is finished. That on Lancaster avenue is completed and this thoroughfare will be turned over for use within a short time. The West Main street work was taken up immediately.

MONA STRADER GETS DIVORCE

Lexington, Ky., Sept. 29.—Mrs. Mona Strader Schlesinger, daughter of Mr. and Mrs. R. S. Strader, Lexington, has obtained a divorce from Capt. Henry J. Schlesinger, multi-millionaire Milwaukee business man and sportsman, according to a telegram. Mrs. Schlesinger will receive from \$30,000 to \$50,000 a year alimony, it is understood. They have a two-year-old boy. Mr. Schlesinger has announced his intention of coming here to open a winter home on the Versailles road and Mrs. Schlesinger is to visit her parents soon. They were married in January, 1917.

Public SALE

We will sell our farm at Public Auction on
Saturday Sept. 25, 10 A. M.

It is located on Kirksville and Poosey Ridge Pike, near Cottonburg, and contains 14 acres, more or less; a good four-room house, good outbuildings, good stock and tobacco barn; good orchard, with fruits of all kinds; well watered, and all under good fence.

At the same time and place I will also sell a nice house and lot and blacksmith tools and grist mill; also, four good milch cows, four good brood sows and 18 nice shoats.

TERMS made known on day of sale.

Long Bros.

NOTICE--Cream Producers!

For quite a while there has been a need of an up-town cream station where you can sell your cream without going out of your way to sell it. We have opened a station on Irvine street, next door to L. T. Wilson's produce house. Bring us your CREAM, get top price and honest test, and while we are testing your cream, Mr. Wilson will buy your POULTRY and EGGS next door. No need to go any further to sell your Cream, Poultry and Eggs and get top prices on all of it.
